## PROFESSIONAL SUMMARY

Aspiring software engineer currently pursuing B.Tech in Computer Science. Passionate about building full-stack applications and solving complex problems using C++ and DSA. Proficient in modern web technologies and enthusiastic about learning new frameworks. Seeking a challenging software engineering internship or full-time opportunity to contribute to real-world projects.

---

## EDUCATION

<b>SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY</b> Bachelor of Technology, Computer Science	2021-2025
<b>SRI CHAITANYA JUNIOR COLLEGE</b> Intermediate, MPC; Percentage: 92.4%	2019-2021

---

## TECHNICAL PROJECTS

### Rentsy-

- Developed **Rentsy**, a full-stack web app inspired by Airbnb for property listing and booking using **MVC** framework.
- Built using **Node.js**, **Express**, **MongoDB**, **Mongoose**, and **EJS**, with some components in **React**.
- Implemented **CRUD** functionality for listings and reviews with **RESTful routing** and server-side validation.
- Designed responsive UI using **HTML**, **CSS**, and **JavaScript** for seamless user experience.
- Integrated **user authentication** and **session management** for secure user access and actions

### Workout Tracker -

- A full-stack web application enables users to log and view workout sessions, developed with **HTML**, **CSS**, **JavaScript**, **PHP** and **SQL**.
- Users can select dates from a calendar to review past workouts, including detailed exercises and repetitions, stored in a MySQL database.
- Users can add workouts with multiple exercises, specifying sets and reps for each, and can easily track exercise history for specific dates.
- The application also includes a statistics page, where users can visualize their workout data, summarizing exercises for each muscle group graphically.

---

## SKILLS

- Programming Languages:** C++, JavaScript, SQL
- Web Technologies:** HTML, CSS, Bootstrap
- Frameworks & Libraries:** Node.js, Express.js, React
- Databases:** MySQL, MongoDB
- Tools & Platforms:** Git, GitHub
- Core Areas:** Data Structures & Algorithms, Problem Solving, Full-Stack Development

---

## ACHIEVEMENTS

- Solved 400+ problems on - [LeetCode](#)
- 5 star in problem solving Hacker Rank - [LINK](#)
- Certification of Smart coder by Smart Interviews - [LINK](#)
